## Members News: December 2023

### Our Next Event: House Plant Swap

Next Thursday, 21st December 2023, 7.15pm

You are **all** invited to our Christmas Social and House Plant Swap. There will also be a Christmas raffle. The House Plant Swap will be run along the lines of our summer Plant Swap: Please bring a plant (labelled) and give a short description or tips about it. You will be given a ticket and these will be drawn so the first person has the pick of the plants on the table and so on until they are all taken. There could be some very special plants 'up for grabs'!

We will be providing seasonal refreshments and would very much appreciate donations of light snacks for this. These will also be wine and soft drinks.

We very much hope you can all come to our last meeting of the year. Please bring a guest if you would like to do so – preferably with a house plant too.

### Subscription Renewal

Garden Club annual subscriptions are due on 1<sup>st</sup> January. The subscription rate will be the same as 2023: £20 individual, £30 couple. You will be asked to renew early in the New Year (renewal forms will be sent out then) – please do not do so beforehand. If you do *not* wish you renew it would be helpful to let Joy know ([joychapman@talktalk.net](mailto:joychapman@talktalk.net)) as soon as possible. We look forward to you all remaining with us as Members for 2024.

### Advance Notice: January Meeting

Just a reminder that our first meeting of 2024 will be our Annual General Meeting followed by a talk on Trees. Note the date: Thursday January 18<sup>th</sup>.

### 2024 Programme

Our 2024 Programme of talks and visits is now available (see attached). You can also view this on our website [www.quorngardenclub.org](http://www.quorngardenclub.org). There is a lot to look forward to including talks on Euphorbias, Orchids and House Plants. Many talks will include specialist plant sales. Copies of the Programme will be available at the December meeting.

Best wishes for Christmas and the New Year and hope to see you at the House Plant Swap.

Ann Brown, Chairman
